

PRESIDENT IS KEPT INFORMED

PRESIDENT SENDS NOTE TO CONFERENCE

(By Associated Press)

Washington, Oct. 21.—President Wilson despite his illness today took a personal hand in the National Industrial Conference in an effort to avert a break which is threatened as a result of the inability of the capital and labor group to reach a satisfactory agreement on the collective bargaining issue. In a 600 word letter to Sec. Lane, chairman of the conference, dictated from his sick bed, the President outlined his views as to the conference situation. The letter was immediately despatched to Mr. Lane who it was explained was to use it at his discretion. The conference was not in session when Mr. Lane received the communication, having met at 10.15 and adjourned at the request of the labor group after two resolutions had been presented. It was said the letter might not be presented to the conference immediately but held in reserve to be used only when danger of the conference breaking up became acute. The serious situation in the conference was reported to the President early today. The President immediately dictated a letter to a stenographer and signed the completed copy with a lead pencil. The President's signature was written on the blue crossing the sheet and apparently his hand was somewhat shaky when he signed it. Chairman Lane said the conference would not be permitted to end its work and that the leaders of the three groups, capital, labor and the public had decided to frame a new comprehensive program involving all industrial issues of a general nature. "It was understood that reference to the pacific issue should be avoided. While there was no talk of bolting the conference, several members of the labor group plainly were impatient. Delegates, in the public group, however, were confident that the labor representatives could not leave the conference."

PROHIBITION WAVE SWEEPS OVER ONTARIO

(By Associated Press)

Toronto, Oct. 21.—Incomplete returns from yesterday's election in which Sir Wm. Hearst, premier of the Province and the conservative government, have been swamped, indicating that Ontario has gone dry by an overwhelming majority. Throughout the province, especially in the rural district the prohibition wave has rose high. All voting was 3 to 1 in favor of it. In some districts the defeat of the Hearst conservative government according to the Mail and Empire, two conservative organs, was due mainly to the big vote by the United Farmers' and Labor who took 13 and 12 seats, respectively.

TANKER LAUNCHED AT QUINCY

(By Associated Press)

Quincy, Mass., Oct. 21.—The oil tanker "Hudon," built by the U. S. Shipping Board, was launched today with steam up and 99.9-10 completed. She probably will be placed in commission in two days officials said.

WANTS U. S. TO SEND FOOD

(By Associated Press)

Stockholm, Oct. 21.—The United States Minister here, L. N. Morris, has received a request by telegraph from General Yudenitch and the Premier of the government of Northwest Russia, urging the United States to send food and other necessities for Petrograd which Yudenitch said he had expected to take today. The request was forwarded to Washington. The despatch asserted that Yudenitch's troops on Saturday last were only five miles from Petrograd.

Of the Threatened Strike of Coal Miners, the Treaty Situation in the Senate and the Progress of the Industrial Conference

U. S. TROOPS USED AS STRIKE BREAKERS

(By Associated Press)

New York, Oct. 21.—A crisis in the strike of 40,000 New York longshoremen was reached today. The International Mercantile Marine, which has ships tied up in the port put strike breakers at work moving cargoes on 604 U. S. troops began work in duties at army piers where transport to and from Europe have been held. Army officials made it plain that troops brought here from Newport News would be used solely at pier or shipping board docks. Heavy police guards, however, were on duty at all piers.

FOUR KILLED IN ELEVATED TRAIN CRASH

(By Associated Press)

New York, Oct. 21.—Four persons were killed and several injured when a north bound 3rd Ave. elevated train crashed into the rear end of a second train stalled between 175th and 176th streets early today. Slippery rails due to a light morning rain were said to have made the emergency brake of the train a sudden stop.

(By Associated Press)

Washington, Oct. 21.—President Wilson is being kept informed as to the threatened strike of bituminous coal miners, the treaty situation in the Senate and the National Industrial Conference. It was announced at the White House that improvement in his condition during the past few days had made it possible for him to receive written reports from Sec. Tumulty on these and other pressing problems. Near Admiral Grayson, the President's physician, also permitted the President to have a letter yesterday from

Senator Hitchcock of Nebraska, administration leader in the treaty fight, outlining prospects for ratification of the treaty.

The President's physician announced today that while he did not sleep so well last night he showed no signs of fatigue this morning and that the prostate condition was unchanged. The bulletin follows: "The President's prostate condition remains as before. Chemical examination of the blood shows the kidneys to be functioning normally. He did not sleep so well last night but shows no signs of fatigue this morning."

UPPERIOR COURT CONVENES IN THIS CITY

Long List of Cases to Be Heard by Judge John E. Allen.

The October term of the superior court for Rockingham county convened in this city on Tuesday with Judge John E. Allen of Keene presiding. After court had been formally opened by Sheriff Ceylon Spindley, Rev. Percy W. Caswell of the Court Street Christian church offered prayer. Clerk Charles H. Knight administered the oath of office to the grand jurors and they retired in charge of Deputy Sheriffs Tilton of Exeter and Dodge of Auburn to consider the cases presented by County Solicitor William H. Sleeper. It is expected they all will report Wednesday noon.

The grand jurors who reported were Adelbert H. Stone, Auburn; John P. Swasey, Brentwood; John C. Hollins, Candia; Wilson S. Wells, Chester; Homer E. Sanborn, Danville; George W. Brown, Deerfield; Albert J. Derry, Derry; Orion S. Giles, East Kingston; Edwin C. Sanborn, Epping; Charles F. Fifield, Exeter; Henry A. Cook, Fremont; Lyon L. Sanborn, Greenland; George A. Hoyt, Hampstead; Clarence S. Johnson, Hampton; Joseph B. Crain, Hampton Falls; O. Eastman, Kensington; Harry Sumner Clark, Kingston; O. E. Kent, Londonderry; Wm. E. Gupthill, Jr., New-castle; Roland S. Pike, Newfields; Samuel Osmond, Charles W. Pichon, Harry Liberson, George W. Brown was named as foreman.

The docket was called and cases assigned for trial. After the calling of the docket the remainder of the morning was given over to naturalization cases and when court took a recess at 1 o'clock there still remained quite a number of cases to be considered. The list of petit jurors is as follows:

Auburn—Charles W. Emery, Candia—Edward N. Martin, Deerfield—John G. Rand, Derry—Charles P. Brown, Charles S. Boyd, George M. Ball, Epping—Herman T. Woods, Exeter—John H. Higgins, George C. Brown, George H. Blackpole, Fremont—William H. Mould, Greenland—William E. Beck, Hampton—Edward S. Bacheider, Londonderry—Arthur Cross, Newcastle—William B. Gupthill, Newmarket—Herbert H. Knowlton, Carl Brackett, North Hampton—Elmer J. Smith, Northwood—Charles C. Helmer, Nottingham—Samuel H. Durgin, Plainfield—John C. Philbrick, Portsmouth—Ward L. John Woods, Charles Lewis, Francis Sanford,

Ward L. Charles H. Walker, Arthur P. Howard, Amos G. Petrasky, Ward 3, Harry J. Freeman; Ward 4, George H. Leonard, Philip T. McWilliams; Ward 5, George B. Gilbert, Raymond—Edward W. Smith, Rye—N. Sherman Lund, Salem—Samuel M. Kelley, Seabrook—Charles P. Dow, South Hampton—George W. Palmer.

The session promises to be a lengthy one and of unusual interest. One of the cases is a libel for the forfeiture of 1536 quarts of liquor seized in this city on January 22 on its arrival from Boston. At the January term of court Carl Beale of Portsmouth, driver of the truck from which the liquor was seized, pleaded guilty and was fined \$100 and costs. Rufus Wood, owner of the truck pleaded not guilty of allowing its use for transportation of the liquor and furnished a bond of \$500.

The owners of the seized liquor have not been officially revealed, but some of the consignees are known. Interest in the case is widespread. A long pending case, Florence J. Cowles vs. Edward H. Cowles, reappears on the docket in a petition of Mrs. Cowles for the custody of her children.

There is a group of about 35 suits against the Atlantic Corporation, a Portsmouth shipbuilding concern. Among the lawyers present at the opening of court were Judge Gupthill, John L. Mitchell, Thomas H. Stines, William E. Marvin, Harry W. Payson, Edward H. Adams, Albert R. Hatch, Charles E. Bacheider, Samuel W. Emery of this city; Benjamin W. Bartlett of Derry; Judge H. A. Shute, Ernest G. Templeton, John Seamon of Exeter; D. M. George of Newmarket; John T. Bartlett of Raymond.

GEN. YUDENITCH ENCOUNTERS RESISTANCE

(By Associated Press)

Helsingfors, Finland, Oct. 21.—Gen. Yudenitch has encountered strong Bolshevik resistance beyond Pulkovo, about seven miles south of Petrograd. He has therefore halted his advance to concentrate his force while awaiting reinforcements and heavy artillery. One hundred guns reached his army today.

DARTMOUTH'S CELEBRATION IS ENDED

Hanover, N. H., Oct. 20.—Dartmouth's sesquicentennial celebration was brought to a close here last evening by a dinner in college hall for the delegates of other colleges, and faculty. William Tacke, assistant of the class of 1899, president of the Association of Alumni, presided. The speakers were Ernest Fox Nichols, S. C. D., L. L. D., professor physics of Yale University; Frederic Carl Perry, PhD, ScD, L. L. D., president of Hamilton College; George Higgins Moses, A. M., United States senator from the State of New Hampshire; William Herbert Perry Farnce, D. D., L. L. D., president of Brown University; Felix Frankfurter, L. L. D., professor of law, Harvard University Law School; Craven Laycock, A. M., dean of Dartmouth College.

The afternoon was taken up by a series of three educational conferences dealing with languages, sciences, and social sciences, which were held in different college buildings. These were attended by delegates from other colleges and members of the alumni.

The division of ancient languages and literature, modern languages and literature and fine arts was held in Robinson hall, conducted by Charles Darwin Adams, PhD, Lawrence professor of the Greek language and literature.

The general subject of this conference was "The Humanities, Old and New in College Education." William Allen Nelson, AM, PhD, president of Smith College; Irving Ballitt, AM, professor of French literature, Harvard University; Arthur Fairbanks, PhD, LittD, were the leaders of the discussion.

The conference including the mathematical, physical and natural sciences was conducted in Wilder Laboratory by Edwin Julius Bartlett, AM, MD, New Hampshire professor of chemistry. Leaders of the discussion on the subject, "The Place of Science in the American College," were Frank Baldwin Jewett, PhD, chief engineer of the Western Electric Company of New York City; Alfred Edgar Burton, ScD, professor of topographical engineering and dean of the faculty, Massachusetts Institute of Technology; William Francis Magie, PhD, LittD, dean of the faculty and vice president of Princeton University.

Herbert Darling Foster, professor of history, was in charge of the conference on social sciences in Bartlett hall. The general subject was, "The Duty of the College in Training for Citizenship." Felix Frankfurter, LittD, professor of law, Harvard University; Kenyon Leach Butterfield, AM, PhD, LittD, president of the Massachusetts Agricultural College, and Alexander Melickjohn, AM, PhD, LittD, president of Amherst College were the leaders of discussion.

The luncheon on the college green at noon time was for the delegates and guests, the members of the college community, the alumni, and the student body. Seats were reserved in the tent for delegates and guests and those taking part in the historical

BETTER THAN CALOMEL

Thousands Have Discovered
Dr. Edwards' Olive Tablets
are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "biliousness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 10c and 25c.

A pageant that immediately preceded the luncheon. The student body and the alumni were served at a buffet lunch.

During the luncheon a novelty was introduced in which all participated. Small balloons with long strings to which tags were attached and bearing greetings from the sesquicentennial of Dartmouth were passed around and upon a given signal all the balloons were let up into the air. On each tag was a notice requesting anyone finding a balloon to notify Dartmouth College. It is expected that a good many of the balloons will be heard from and that some will travel a long distance.

While the balloons were being sent off, Lieut. Thomas Potter of the Royal Flying Corps, arrived in a biplane from Springfield, Mass., and went through many maneuvers over the campus, where the alumni and student body were assembled. Lieut. Potter landed later and a chance was given to inspect the machine. Arthur B. Mearns of the faculty was taken for a flight and took photographs of Dartmouth and Hanover buildings.

The big birthday cake made its appearance today. It was round and five feet in diameter. Upon it were 79 candles representing gifts to the alumni fund during the past year. The size of the candles indicated the amount of donation and a card indicating the class from which it came was attached to each. Several large candles representing gifts were from those to the alumni fund, were also on the cake and each bore the name of the giver. The class of 1845 was the oldest class to have a candle on the cake.

The morning exercises officially recognized the foundation of the college. The program started with chapel exercises in Rollins chapel which menbers of the faculty, visiting delegates, the alumni and the senior class were in attendance. The service was conducted by President Hopkins.

Following this service the academic procession was formed, headed by Nevins' Regimental Band of Concord and the senior class. Next in order came Gen. John N. Patterson, '00, honorary marshal, and E. F. Clark, college marshal, President Hopkins and the trustees of the college, the alumni council, officials of the State of New Hampshire, representatives

of the town of Hanover, delegates from other colleges, the faculty and members of the alumni arranged by classes, 1845, 1846, 1847, 1848, 1849.

The procession marched around the college campus and ended at Webster hall, where the anniversary exercises took place. The invocation was given by Rev. Dr. Francis E. Clark of Boston, president of the World's Christian Endeavor Union. Herman W. Nell, '20, spoke for the undergraduates Prof. E. J. Bartlett for the faculty; W. Tucker Abbott, '90 of Chicago president of the Alumni Association, for the Alumni; Dr. E. S. Jones, dean of Yale, for the fellowship of the college.

Wendell P. Stafford, LL.D., associate justice of the supreme court of the District of Columbia, made the first of the formal addresses with "The College as a Training School for Public Service," as a topic.

After eulogizing Daniel Webster and other great sons of Dartmouth he continued:

"We now stand face to face with a new riddle of the Sphinx. The question it propounds is one that we must answer if free government is to survive. That question is, how are the masses of men and women who labor with their hands to secure out of the products of their toil what they will feel to be and will be, in fact, a fair return? Until we can answer that question we shall have no peace; and if we fail to answer it we shall have revolution."

"The question is not one that faces America alone; it faces Britain; it faces France; it faces Italy; it has torn Russia into pieces. Let us hope that our own country may be the one to find the true solution of the riddle, and hereby bring safety and freedom to the people of all lands."

"Our safety can only be found in a policy that treats all men as brothers, all equally entitled to the fruits of their labor, all equally entitled to raise themselves as high as possible, each in his own place, without doing wrong to any of the rest. It is the spirit of justice and fraternity that must be our guide. And where are we to look for leadership if not in institutions such as this?"

President Ernest Martin Hopkins of the college said that this anniversary was "a time for definition of purpose rather than an occasion for self-glorification."

"It sometimes seems to me," he said, "that the ways in which things shall be done soon so important in the minds of all of us that there can be only with greatest difficulty any commensurate interest in what the achievement shall be. I am quite clear in my conviction that the first obligation of the college is as markedly as possible to level up the mass of the selected group which it accepts, rather than to give sole consideration to a refined process of distillation, in which a small modicum of ultra-excellence shall be produced, at the cost of vital effort and wasted time for the great majority."

"The function of the college is not primarily to develop intellectualism but intelligent men, and this purpose is not observed if only consideration is given to the mind and the soul and the body are left to whims of chance."

"While accepting the magnitude of its obligation to develop mentality of strength and accuracy, the college must, as essential corollaries of this, safeguard the physical and moral standards of collective living and offer individual inspiration for the development of spiritual excellence."

Mrs. Hopkins alluded to "the great delusion which has pervaded the college world, to its loss, that a record of research of sufficient profundity more than compensated either for incomplete manhood or for incapacity or indolence to recognize the real purposes of the American college," and added:

"I believe that the time has come when we should free ourselves from the cant and sophistries that still pervade college circles at such points as these. We should at least be as watchfully solicitous to avoid the evils of professionalization in our college instruction as we are in our college athletics."

An address was also delivered by Marion Leroy Burton, PhD, LL.D., D. D., president of the University of Minnesota. His subject was "What Must the Colleges Do?" He said in part: "Americans have always believed in education. The war has deepened our confidence in all forms of higher training. The unprecedented enrollment of students at all of the colleges and universities is a concrete evidence of America's passion for education. The people seem to understand that democracy and education are inseparable."

"Our colleges, as never before, must demand accuracy. From the standpoint of American life as a whole the problem involved here is fundamental. Superficiality is an American vice. Historically speaking we have been a race of pioneers. We have done the best we could. It takes time to develop a substantial civilization. Temperamentally, we are not well equipped for patient, thorough-going work. Our standards have been defective. Our aim has been to turn off a task quickly."

"The college must modernize its students. The war has left tremendous burdens and released marvelous new forces. No intelligent citizen today can assume his duties without some knowledge of our main problems."

Portsmouth, N. H., Tuesday, October 21, 1919.

Appearances Are Often Deceptive.

A Boston paper reports increasing sales of farm property, the explanation being that "the increased profits in raising produce and in dairying during the past year have induced many to forsake city jobs for the freedom and outdoor life of the agriculturist."

If this is the case many of those who are buying farms are doomed to disappointment, for those who have no practical knowledge of farming have not the least conception of what it means to produce crops or carry on the dairying business.

There is perhaps no time of the year when farming looks so inviting to those not familiar with its realities as it does in the fall. City people ride through the country districts and see the harvesting of crops and fruits in progress. There are fields of corn in the shock, and many of the fields are yellow with ripened pumpkins. From many fields potatoes are being hauled by the wagon load; great, smooth tubers that look almost tempting enough to be eaten raw. In many sections apple trees bend almost to the ground beneath their luscious burdens, and the cabbage and turnip patches whet the appetite for an old-fashioned "boiled dinner." There is plenty in sight on every hand and it all looks good.

And it is good. But the great mistake of most city people is in imagining that all these good things on the farm cost practically nothing. Farmers simply have to plant in the spring and harvest in the fall, and the trick is done, according to the view of those who know nothing of the inside of the farming industry. They know they have to pay large prices for the things they see in the fields in such abundance and are prone to believe that if they were only established on the land they could have plenty with ease and be practically care-free.

There could be no great mistake. Farming is all right for those who understand and like it. At the present time the tillers of the soil are getting gratifying prices for their products but the costs of feed, help and everything they have to buy are such that the returns from the farms lack much of being clear profit.

Farmers understand this, but other people do not. They feel that the farmer's crops cost him practically nothing and that what he gets for them is virtually clear gain. They do not understand or appreciate the hard work which a good crop represents, and they are not aware of the many crop failures for which the farmers are not responsible. Early and late frosts, drouths and destructive storms all have to be reckoned with by those who draw their living from the soil, while this year there is great loss from potato rot in many sections.

There are many comforts on the farm, but the life of the agriculturist is far from being one of ease and luxury. It is one of very steady, and, at certain seasons, intense industry, calling for earnest application on the part of the women as well as the men of the household. Under ordinary circumstances the work brings its legitimate reward, but city people who are induced by the abundance of the harvest season to throw up their jobs and invest in farms are in most cases booking themselves for a rude awakening.

Monday was a big day for Hanover, it being the opening day of the celebration of the sesqui-centennial of Dartmouth College. There were alumni present from many parts of the country and the program of exercises was all that the occasion called for. Old Dartmouth has a long and proud record and is justly regarded as one of the glories of the Granite State.

There is nothing pleasant in the news from the coal fields just now. It looks as if the promised big strike would come, though there is still a hope that it may be averted. An extended strike in the bituminous fields would work havoc with business, and any check on business at this season of the year would be little less than a calamity.

There will be general regret that illness prevents President Wilson from receiving the King and Queen of Belgium when they visit the national capital, but the honors will be properly borne by Vice President Marshall, whose opportunities to get into the limelight are extremely limited in comparison with the real importance of his office.

Death took a pretty liberal toll from the transcontinental aviation race, the number of fatalities being ten. It sometimes seems as if the game was hardly "worth the candle," but of course outsiders are not supposed to understand such things.

Charges of corruption in the election in which Henry Ford was defeated for United States Senator are to be investigated by a federal grand jury in Michigan. It is quite probable, however, that the result will not be changed.

When Colonel House gets into gear again it may be necessary for the newspapers to be more specific about matters coming "before the House." The people will naturally want to know which House is meant.

BRILLIANT RECEPTION AT PRISON

Lord and Lady Entertained by Supt. Osborne.

A reception was given to Lord and Lady Dunsany's party Monday afternoon at 12:30 o'clock by Lieutenant Commander Thomas Mott Osborne at the Naval Prison, other guests of honor being Booth Tarkington, the noted author and playwright, and Mr. Orlando Houland, the artist. Among those in attendance were naval officers and their families and guests from Boston and this vicinity.

Following the reception men of the naval prison pleasantly presented "Name and the Poet," one of Dunsany's plays in honor of their distinguished guests, after which 20 prisoners sang the Spanish dance, "In Old Madrid" which was recently presented at the Naval Prisoners' show at Portsmouth Theatre.

The audience was much pleased with the presentations and at the conclusion Lord Dunsany made a short address and expressed much appreciation.

Lord and Lady Dunsany left for Boston last evening where he will deliver an address at the Copley Plaza this evening.

The real name of Lord Dunsany, the distinguished Irish playwright, is Edward John Moreton Drax Plunkett, but he is more commonly known by his title. He served as Captain in the Fifth Royal Buffs, was twice wounded and elected for gallantry on the field. His first play, "The Glittering Gate," was produced in 1900 at the Abbey Theatre in Dublin.

Stuart Walker of New York City was the first American producer to take Lord Dunsany's plays on tour in the United States, starting with brilliant success, "The Gods of the Mountain," one of the finest of the dramatist's plays, "King Arcturion" and the "Golden Warrior." "The Golden Warrior" among others. Two of the most successful of his dramas are "A Night at an Inn" and "The Queen's Enemies," which were staged for the first time in this country at the Neighborhood Playhouse in New York. "The Laughter of the Gods" was one of the most popular of Lord Dunsany's plays presented last winter by Stewart Walker in his Portsmouth Theatre.

The distinguished playwright's productions are unlike those of any other dramatist. They are beautifully written, the prose seeming more like poetry and his biographers attribute the purity of his style to the fact that Lord Dunsany passed the greater part of his early youth in the study of the Bible. He received a very careful education, mostly from private tutors. During his two months tour in America he expects to find material for modern plays.

Booth Tarkington, who was one of the distinguished visitors at the Naval Prison is well known by his writings and his books are among those in constant demand at the local public library. The "Penrod" books being especially favorites with boys. "The Gentleman from Indiana," his first published work, "The Two Vagabonds," "Monsieur Beaucaire," "Cherry" and "The Guest of Queensry," the last being pronounced by some of Mr. Tarkington's more enthusiastic admirers as the author's best work, is a story with a picturesque setting and an atmosphere of considerable charm.

WINTER WORK FOR COAST GUARD SHIP

Vessels of the United States coast guard service are being put into shape for the winter cruising season, which starts December 1. According to advice received here the cutter Androscoggin will patrol the Maine coast during the winter and will make her headquarters at this port. The cutter Osprey, which was built for service on the Maine coast, has been assigned for duty along the coast between Portsmouth and Nantucket Shoals Lightship, leaving that section of the coast from Portsmouth to Eastport, Me., in the care of the Androscoggin.

MILD WINTER AHEAD: HERMIT JOE SAYS

Squirrels Storing Fewer Nuts and Furs Are Thin and Short

Kane, Penn., Oct. 21—"Nuts are thicker'n wood ticks in the Big Woods, but the squirrels are storing way less of 'em than you town folks is putting away taters at \$1.50 and up a bushel, and you can just bet all the hearshkins you fellows ain't going to get that the winter'll be a darn mild one," said Hermit Joe of the Big Woods to hunters in that neighborhood today.

The old man who predicts the winters every year, explained further his reasons for thinking his reputation on a mild winter. The bears this year are mostly scrawny and light furred, according to Joe and they are not in a hurry to get their winter homes, while the fur on small animals indicates to the hermit that the winter will be light. Old citizens say his predictions never fail.

SHIRTS

For the Young Chap

For your special requirements we announce EAGLE SHIRTS, tailored to trace accurately the youthful figure. No extra fullness, tailored to taper from chest to waist line; trim at the cuff; comfortable at the elbow. The fabrics in these dependable garments are woven by the makers.

SILKS, MADRAS, CREPE and PRINTED PERCALES

\$2.00 to \$8.00

EAGLE SHIRT

Correct Fashions for Men and Young Men for Fall.

PARSONS THE HATTER

NAVY YARD NOTES

Must Have Certificate
 An order from Secretary Daniels has been received at the local yard which states that no photographer except those having a certificate signed by the naval censor, will be allowed to take pictures aboard any ship or at any station.

Going to West Coast
 Twenty applications for transfer of workmen from the Charlestown yard to Mare Island, California, were approved on Monday.

Goes to Coast Guard
 Captain A. S. Eaton in charge of the air station at Chatham has been transferred to duty in the coast guard service.

Hunters Are Numerous
 The Portsmouth yard never had so many hunters as during the present hunting season. Most every shop has somebody out with a gun and a dog and the question is whether all this tramping in the woods of Maine and New Hampshire is in the interest of sport or a wholesale assault on the high cost of living.

Going Along Good
 The Navy Yard Mutual Aid Association now shows a membership over 2500 and steadily increasing with a treasury carrying \$2800 or more.

Home Port for Mining Fleet
 The following is the new and complete list of the mine sweeping squadron that has been assigned to Portsmouth yard as the home port: Auk, Curlew, Grebe, Osprey, Merganser, Woodcock, Cormorant, Lark, Warbler, Quail and Swan.

Why Not Get Going?
 When will the real work on the transport Rappahannock get going? The work to be done on this ship as originally planned by the department is said to require the expenditure of \$500,000 or more money. Every effort should be made to get work under way. The yard needs it.

Dolphin Sails
 The U. S. S. Dolphin sailed this forenoon for Boston where she will take supply of ammunition and move to southern waters.

Electricians Only
 The Industrial Department made a call for three electricians today.

Ship Completion Dates
 The completion dates for the following ships has been set by the department, Astoria, Nov. 13, McDermott Nov. 8, Bell Dec. 1, Solace Dec. 1, Strubling Dec. 20, Lansdale Dec. 15.

Expect Her to Go Soon
 The Spanish trophy ship Don Juan de Austria recently sold for \$10,000 is expected to be moved to New York next week. At present it is thought she will proceed from here under her own power.

Ralph E. Dowdell is incapacitated from work owing to blood poisoning of his right hand.

OIL LANDS A BONE OF CONTENTION

(By Associated Press)

Mexico City, Oct. 21—A sharp conflict is being waged in the Mexican senate over the nationalization of oil lands as provided in the decrees of President Carranza which were intended to put in effect article 27 of the Mexican constitution. These decrees have been the object of bitter attack by the foreign oil interests which declare that both they and article 27 of the constitution would be confiscatory. Disappointed over the inactivity of the Chamber of Deputies which has delayed action on the nationalization question, the senate brought up as a new oil initiative based on that of the president but differing from it in the vital point that it should not be retroactive. If adopted this law would not nationalize oil lands to which the title was perfected before the present constitution became operative which was on May 21, 1917.

Debate on this measure, however, soon became complicated as a result of attempts to include it in a complete redrafting of the 27th article. In the senate discussion, Luis Cabrera, secretary of the treasury, and Leon Salinas, sub-secretary of industry and commerce and presented the government's side in support of nationalization.

Secretary Cabrera also is quoted by newspapers as asserting that the senate is only wasting time in discussing the oil question since the oil interests would not have been satisfied with the senate's decision.

The foreign oil companies have brought suits in the Mexican courts to prevent the presidential decrees from taking effect, and these have been appealed to the supreme court. Secretary Cabrera has opposed action of the supreme court in these cases seemingly to delay action until the executive department of the Mexican government and representatives of the oil interests can reach an understanding. What, if any, progress has been made toward reaching such an agreement is unknown.

SODA CLERKS IN NEW YORK WANT RAISE

(By Associated Press)

New York, Oct. 21—Soda workers of the first grade in New York drug stores have presented demands for a minimum salary of \$10 a week, while third grade dispensers want \$20. Their demands made public today are included in a general schedule drawn up by the United Drug Clerks.

ALL IS READY FOR TAKING OF CENSUS

Washington, Oct. 21—Sam Rogers, director of census, will begin to count noses in the United States Jan. 2. "To count the people is a big job, but I have the finest working machine in and out of Washington," says the census director.

The census bureau estimates the country will show 110,000,000 people as against the 1910 population of 91,572,266.

The work of gathering data will be portly foreign and local news.

The Biggest Stock We Have Ever Shown

RELIABLE

WEARING APPAREL

FOR

WOMEN and MISSES'

Now Fills Every Section of Our Store

And is it not a great consolation to know that everything you buy at THE WHITE STORE is thoroughly reliable? It was only yesterday that one of our patrons said: "Just look at my suit. I have had it two years. It seems as if I can never wear it out." And there are hundreds of others just like this woman.

Our ever-increasing business has demanded bigger stocks, which we now have ready for your inspection. And every one of our courteous salespeople will impress upon you by the service they will give you that we greatly appreciate it if you only inspect the big variety we offer.

**WERE SCRAPPING
IN LUNCH ROOM****Settled for Damage Without
Court Hearing.**

Walter Lewandowski, John Wastock and William Cidalia were doing some scrapping on Monday night in the Verdon lunch room on Congress street when the happy wagon backed up and gave them a ride.

In the mix-up they damaged some of the interior fittings.

Today they made a settlement out of court to the amount of \$12.00 which was satisfactory to the proprietor. The police then released them.

**MUSICAL MAGICIAN
ENTERTAINS AT
THE Y. M. C. A.**

Harrell, the musical magician, gave a pleasing entertainment before a good sized audience Monday evening at Association Hall under the auspices of the Y. M. C. A. He began his program with selections on the bells, playing a Scotch melody and "Believe Me If All Those Endearing Young Charms." Two selections on the musical glasses were then given and were especially pleasing and well rendered. The last selection was a two step and this being quick music required even more skill in playing. A selection on the saxophone was then given.

Music art was shown by a good number of feats which kept the close attention of the audience and created no end of merriment. There were a good number of young boys in the front row of seats and they displayed eager interest in the skill of the magician, who

also gave two humorous selections before concluding his program.

Harrell appears at the Naval Hospital this evening, this being a return engagement in this vicinity, having given performances at the navy yard some weeks ago where he was enthusiastically received.

**IS A DEAD DOG
WORTH 15 BUCKS?**

George H. Bonware of West Newbury, charged with keeping an unlicensed dog, was fined \$10 in the police court at Newburyport on Monday. He will have to pay the license fee, \$5, in addition, under a ruling of the court. The case was prosecuted by Chief of Police Mosely, who was unable to secure the license fee from Mr. Bonware. The latter claimed that the dog belonged to his wife, but when he found that she would be brought into court to answer to the charge of keeping the dog without a license, he decided he would not put her to that inconvenience. The dog was killed several days ago, but the fee was assessed to the animal as of April 1.

**15 BARRELS OF CIDER TAKEN TO
COUNTY FARM**

Laconia, Oct. 20.—Fifteen barrels of cider, or at least alleged cider, were seized in a raid at the home of Fred H. Threlk at Crystal Lake, Gilmanston, and they were taken to the county farm. Sheriff Frederick D. Elliott, armed with a search warrant issued by County Solicitor Fletcher Hale, made the raid. He was assisted by City Marshal Charles A. Harrell, Police Sgt. Frank E. Dean and Police-man Smith. What the next step would be was not given out.

**TEACH THE
CHILDREN
SAFETY FIRST**

Teach your children that it is dangerous to ride their bicycles in the business section. No matter what their efforts are it is mighty dangerous to expose them these days. The auto bug and jitters are moving faster than the law allows, and accidents are a daily occurrence. Every day witnesses some child thrown down his wheel and injured. It is time to prevent the child from walking or riding into the death trap.

THE SHEPHERD OF THE HILLS

"The Shepherd of the Hills" that widely read story of the Ozarks, has been dramatized under the direction of Harold Bell Wright, its author. As a novel this story has attained a popularity which has not been equaled by any other book in a decade.

As a play the success of this work was phenomenal and as a picture, under the direction of Mr. Wright, the story bids fair to mark an epoch in the art of the silent drama.

This picture has been made in the heart of the Ozarks and in California. Mr. Wright and his associates were engaged for months in this great work. No expense has been spared, no detail overlooked. The countless millions who are familiar with Mr. Wright's style and descriptive ability, those who understand in even a limited way the countless possibilities of the motion picture camera, can readily realize that the great world pictures of this author should be in the world of real pictures indeed be a work of art. The picture story in ten reels with incidental music written and selected especially for it will be seen for four days, commencing Monday, Oct. 27 at the Portsmouth Theatre.

STUMMAGE SALE

There will be a Stummage Sale for the benefit of the Mark H. Wentworth Home, Tuesday, October 28th, at No. 15 Daniel street.

Persons wishing articles called for please notify Tel. 299-W. A 64-11

DELIVERING THE GOODS

This morning the Herald office took

off like a second hand jewelry store. There were two lost watches, a locket and chain, one bracelet, two pocket books left in answer to lost "ads."

PERSONALS

Mrs. Gustave Peyer is visiting her sister in Boston.

A. Salda of the White Store is in New York on business.

Leont, Commander M. M. O'Brien, U. S. N., is in New York.

Mr. and Mrs. W. L. Hill left today for Washington and the South.

Mr. and Mrs. Margaret and wife are on a trip to Grand Rapids, Mich.

John J. Hassett is on a business trip to New York and Camden, N. J.

Alfred Beaumont of Albany, N. Y., passed Monday here with his mother.

Mr. Fisher and a party of six left for Erie on a gaming trip this morning.

Ident, U. M. Dole, U. S. A., and Mrs. Dole have returned from a visit in Brookline, Mass.

Prof. Barrett Wendell and Mrs. Wendell left for Boston today to open their winter home.

Rev. L. H. Thayer and Mrs. Thayer are attending a church convention at Grand Rapids, Mich.

Captain Rand of Salter street and Mrs. Helen Dolan returned to Boston on Tuesday for the winter.

Miss Emily Tilton of the Adams drug store has returned from a ten days' visit in Portland, Me.

Mr. and Mrs. Joseph M. Hassett have closed their summer home at Wallis Sands and returned to this city.

Miss Bessie A. Porter of this city, who has been visiting Mr. Winfred L. Caswell of Manchester, N. H., returned home today.

C. W. Temple of the Adams drug store has taken his residence formerly occupied by G. W. Pollard on Highland street.

Horace W. Waldron former Supt. of the old Portsmouth Gas & Electric Co., was a visitor here over the week end. He is in fine health.

William H. Hampshire, a well-known Civil War veteran, is enjoying a fine lunch from the Soldiers' Home at Thorton, N. H., which he is passing in this city.

A Brockton man told his family that he must have caught the cold from which he was suffering by neglecting to wear his collar and necktie to bed one night, as he had done regularly for 35 years.

RAILROAD NOTES**Dining Well for Ten Days**

The first clean report in the accident prevention drive now in progress on the Boston and Maine railroad, comes from the Southern Division. That part of the system is credited with no personal injury or accident during the first two days of the drive, Oct. 18-19.

Conductor Remick Ill

The many friends of Conductor Charles R. Remick of the passenger service are sorry to learn of his illness and hope for a full and speedy recovery.

Busy Day for Wreckers

The Portsmouth wrecking train went to Kennebunk today to make repairs on some cars and later to Newmarket to pick up the several cars damaged in a rear end freight collision last week.

On Sick List

Conductor Edwin R. Horn of the Boston and Maine passenger department is ill at his home at Atlantic Heights. Conductor Chase is covering his run from Portsmouth to Boston.

Done at Shipyard

The Boston and Maine now has no employees at the Shattuck shipyard, Newington. Operator Jackson and Clerk Davis concluded their duties there on Monday.

CALL THE HOME WASHING CO.

If you want the best wash that can be obtained in the city call at the Home Washing Co. We will do some extra fine washings on Fridays. We will take extra good care of all work brought in by 10 a. m. on Friday. Tel. 1152-W. h 2w 016

AUTO THIEF MADE FAST TIME WITH CAR

The police are pretty well convinced that the automobile belonging to Shirley Simpson, stolen Sunday night from in front of the P. A. C., and recovered over two hours later, on Summer street, abandoned in a damaged condition is the car that was in collision with a team in Haverhill.

The Haverhill police who had been notified of the theft, reported that the car which had run into the team and then got away from the police, was headed toward Groveland, when lost by the Haverhill police. They reported that the car had been damaged, the mud guard and fenders being bent in by the collision.

When the Simpson car was found on Portland foreign and local news.

Summer street shortly after 11.30, the police at first thought that it could not have been out of town, but an examination showed that the car had been driven many miles and was damaged like the Haverhill police reported. Evidently the thief once he escaped from the Haverhill police started for this city at a high speed, and to make this city in the time he did, forty miles an hour was slow speed.

Once the Lafayette Road is completed and open to travel it will require some quick work to head off the auto thieves.

WILL BE BURIED AT NEWINGTON

The remains of Mrs. Rita Snow Mason, sister of Mrs. Daniel Mahoney of Greenland, who died suddenly at Augusta, Me., will be brought to Newington today for interment. Committal service will be held at the grave.

The Herald contains all of the information on foreign and local news.

TEAM MATCH CLOSING GOLFING EVENT

The closing event of the golf season at the Portsmouth Country Club will be the annual team match on Wednesday afternoon, followed by the supper. The team captains Messrs Ira A. Newell and Boardman M. Randall are busy assigning the players, as the team will be made up of all members who desire to play and they will as far as possible be matched with men of their own handicap, or if any material difference in the handicap, two-thirds of the difference will be allowed.

The matches will be 18 holes, if possible, but for those who can not get there until the middle of the afternoon, a nine hole match will be allowed by agreement.

The match will be followed by the usual splendid supper that is served on this occasion. The teams are expected to be at least twenty men to a side.

"BAYER CROSS" ON GENUINE ASPIRIN

"Bayer Tablets of Aspirin" is the genuine must be marked with the safety "Bayer Cross." Always buy an unbroken Bayer package which contains proper directions to safely relieve Headache, Toothache, Rheumatism, Neuralgia, Cold and pain. Handy tin boxes of 12 tablets cost but a few cents at drug stores—larger packages also. Aspirin is the trade mark of Bayer Manufacturing of Monacelcoester of Salicylic acid.

other, were in rare voice and their program was finely rendered.

The reader who also acted as accompanist, was very clever and her selections were all excellent.

SPLENDID CONCERT AT HIGH SCHOOL

The first of the series of entertainments under the auspices of the Portsmouth Teachers Association, was given at the Assembly hall at the High school on Monday evening, to a large and appreciative audience.

The American Concert Grand Quartette, led by a women reader, presented a very fine program. The male quartet, the members of whom all have been heroes in service of some form or

KITTERY

Carl P. Boyer, son of Mr. and Mrs. Jacob Boyer of Kittery, who has served in the U. S. Marine Corps for the past two years, was released from service Saturday and arrived home today. He served at Parris Island three months and at Quantico, Va. He was quartermaster on a submarine chaser.

If you want the local news when it is alive you must read The Herald every day.

MUST SACRIFICE TWO FINE OLD ELMS

The only reason in the building of the new Central fire station on Court street, is that the two handsome elm trees on the city lot, near the Bradford house, will have to be taken down. The length of the street front of the new building will bring the building within a few feet of the Bradford house it will also cut the driveway on the other side to just enough width to get a team thru. This will be necessary so that all of the apparatus will have a floor each, and in this way be able to go away quick to an alarm.

THIS PARROT SOME RARE OLD BIRD

Mrs. H. B. Curtis of Elmford has some rare old bird in her parrot. This polly certainly is different from most of its species. Instead of learning the usual vocabulary of slang and swear words, devotes its intellect to religious vocal music and now sings the first stanza of "Nearer My God to Thee." The Elmford polly is twenty years of age and of the Mexican variety. She is quick to learn and does many stunts that her mistress has taught her during the past few years. She has recently laid three eggs.

NOTICE

There are more than 3,000,000 Ford cars in daily service throughout the world, and fully eighty per cent of these are Ford Touring Cars. There are many reasons for this, not the least of which is the simplicity in the design of the car, so easy to understand; likewise it is easy to operate; and mighty inexpensive compared to other motor cars. On the farm, in the city, for business and for family pleasure, it is the car of the people, and the demand is increasing every day. Let us have your order promptly if you want one.

MAKING BIG PLANS FOR COSTUME BALL

The Emerson Hovey Post Veterans of Foreign are making big plans for their costume ball, which will be held on Monday, Oct. 27th, Freeman's hall. The Post is starting this week an active recruiting campaign and they plan to make the ball the big event of the season.

PORTSMOUTH THEATRE

"Experience," the modern morality play which P. Ray Comstock and Morris Gess will present at the Portsmouth Theatre for one night, Thursday, Oct. 23d, ran for nine months in New York, playing at the Casino, Maxine Elliott and Manhattan Opera House. It then went to Boston and played for five months at the Shubert Theatre, Boston Opera House and the Wilbur. It was the first attraction in a decade to play three theatres in Boston in one season. "Experience" here had a run of seven months in Chicago followed by a five months' engagement in Philadelphia.

The story of "Experience" is a really fascinating one, and tells the adventure that befell Youth—the average young man of today—when he left his home in the country and went out into the big world to seek Fate and Fortune. The characters are called by the various vices and virtues Youth meets in his journey. The cast of picked players include a number of old favorites in their original roles. Seats are now selling at the Portsmouth Theatre.

LOOKING FOR "JAKE" AND GOT THE "KITTY"

The deputies of York county, hunting for "Jake" at Biddeford, ran into a game of draw-poker on Water street. The deputies say that no one had a hand at the round-table. The gleam from the flashlight showed a dollar and fifty cents in the "kitty" but the chips represented considerable duff. The players and others present were fined \$20.00 each. One defaulter forfeited his bail money of \$35 and would have been \$11.10 to the good had he faced the music.

PROF. HART ADDRESSES STUDENTS

Durham, N. H., Oct. 21.—Prof. Albert Bushnell Hart of Harvard University addressed an audience of students and townspeople in the New Hampshire College gymnasium yesterday afternoon, opening the Roosevelt Drive during the week, under the direction of Prof. Richard Whoriskey. Funds will be collected in both town and college as contributions to the Roosevelt Memorial. Prof. Hart, who was a member of Roosevelt's college class in Harvard 1880, said that the United States had not had, since Andrew Jackson, a president who so inspired it. He said that Roosevelt had in mind a man like Roosevelt when he described in his "Progressive Era" Mr. Valiant for truth. Professor Hart, in the course of his address gave an interesting biographical sketch of Theodore Roosevelt, whom he had known intimately since he first met him 43 years ago to a day. The members of the Student Council have undertaken to collect the money contributed by students to the Roosevelt Fund.

ALL THE YEAR ROUND FAMILY MEDICINE

You must remember—that Father John's Medicine is an all-the-year-round tonic flesh-builder and people gain steadily while taking this wholesome food medicine. If you want to gain weight, begin taking Father John's Medicine right now. Guaranteed free from alcohol and dangerous drugs.

Prof. Mrs. Lucy Wing of Liberty, Mo., says her run-down baby was made fat and healthy by Father John's Medicine.

SOUTH ELIOT

South Eliot, Oct. 21.—Mr. and Mrs. Edna Maybridge are receiving congratulations on the birth of a son.

Mr. and Mrs. Arnold Spiny have recently moved to the Rogers road, Kittery.

Mrs. Ella Cole and Irma Spiny are passing two weeks with friends in Lynn, Mass.

The infant son of Mr. and Mrs. David Arnold is reported as being very ill.

Mr. Ray Zilhart, who recently moved here from Hartford, Conn., has accepted a position on the navy yard.

Mr. and Mrs. Alfred Spiny are passing the day in Chelsea with the former's sister, Mrs. Walter Rogers.

Mr. and Mrs. Ira Keene of Kittery were calling on friends in town Sunday.

Miss Emily Craig of Kittery who has been passing several weeks in town as the guest of her aunt, Mrs. Stacy Hall returned home Sunday.

The infant child of Mr. and Mrs. Harlan Huntress who has been very sick with an abscess is now improving.

Mr. and Mrs. Gerald Hall and children of Portsmouth passed Sunday in town as the guests of the latter's parents, Mr. and Mrs. Stacy H. Hall of Cross street.

A new doctor is now located here in town coming here from Somerville, Mass.

DOVER

Dover, Oct. 21.—The testimonial campaign started by the Dover rectile workers for the father of Labor day in New Hampshire, former State Senator Andrew P. Kilborn, will be brought to a close on Nov. 1. The committee in charge of the drive is very much pleased with the work so far. Favorable reports are coming in daily to the president of the local executive committee. All the state is working hard for the father of the 58-hour law and other important legislation for the workmen.

The drive on the memorial for Roosevelt got under way in Dover yesterday and the committee in charge of the affair expresses confidence in the voluntary offering of the citizens to this worthy cause and today the school children started to make the drive reach all who are desirous of contributing to the memorial.

Adjutant General Howard was in Dover yesterday and while here ordered the architect, Senator Ramsdell to secure bids for steam heat in the new

armory which has been promised to the Dover post of the American Legion for a headquarters for the coming winter. Steam heat will be put in the new armory in a few weeks and the Dover boys are very thankful for the efforts of Councilor Whittemore and Senator Ramsdell for procuring the armory for the winter.

If Too Thin Try Bitro-Phosphate

While excessive thinness might be attributed to various and sundry causes in different individuals, it is a well-known fact that the lack of phosphorus in the human system is very largely responsible for this condition. It seems to be well established that this deficiency in phosphorus may now be met by the use of Bitro-Phosphate, which can be obtained from any good druggist in convenient tablet form. In many instances the assimilation of this phosphate by the physical system produces a welcome change—energy, vigor and strength, and a healthy and happy life. The will and strength to be up and doing, and the body to be in good condition, are the result of the use of Bitro-Phosphate. It is a powerful and reliable remedy for nervousness, general debility, etc., those things which do not desire to put on flesh should use this cure in avoiding the embarrassing food.

RED CROSS WILL REMAIN TO CONTINUE WORK

Bucharest, Rumania, Oct. 21.—When the American Red Cross quits the Balkans, when its work there is completed, the people are not to be left entirely alone. This was the promise made to the Balkan people by Col. Robert E. Olds, Commissioner for Europe of the American Red Cross program of medical and reconstruction work that is to follow the work of emergency relief now drawing to a close.

"The great work done in the Balkans is over. The work of feeding and of clothing the helpless people of the Near East is drawing fast to a close. But we shall not leave these nations without substantial legacies and permanent reminders of the work already done here."

Hundreds of Red Cross women and men have left the Balkans for their homes in the states but small groups will remain to continue their work. In Serbia, Bosnia, Herzegovina, Albania, Montenegro, Greece and Rumania, the children's hospitals, district nursing services, infant welfare work, nurses' training schools, the reconstruction of hospitals and the medical fighting going on against tuberculosis, typhus, small pox and other too prevalent diseases will be carried on.

In all this work native women will be trained to take up the work with a Red Cross workers leave six months or a year from now. The emergency relief work in the Balkans is ended, but the constructive work will soon go on.

CHANGE IN PLANS FOR NEW BRIDGE OVER THE RIVER

Calls for Suspension and Part Cantilever Structure With Draw on Maine Side.

It is understood that former proposed plans of the new bridge to span the Piscataqua have been changed and the government engineers are now working on something new. The latest graphic representation will call for the building of a suspension bridge from the Portsmouth side to a location in the river about where the eddy flows near the Maine side. At this point it is planned to locate the draw and from the draw to Kittery a cantilever structure will be built. This combination of bridge work is said to be the most feasible and will better meet the conditions. Owing to the draw in the center of the bridge is out of the question. It is believed that there will be no hesitation on the part of the War Department in approving the latest plans.

DOWD-FAGAN

The marriage of Miss Anna Mary Dowd, daughter of former Postmaster John H. Dowd, and Albert Arthur Fagan, son of Mr. and Mrs. Frank A. Fagan, of this city, took place this morning at 7:30 o'clock at the Church of the Immaculate Conception, many relatives and friends of the contracting parties attending the ceremony. The marriage service was performed by Rev. D. Alex Sullivan, pastor of the church.

The bride was attired in a gown of navy blue velvet, worn with white net bodice and hat of blue chenille and velvet.

Miss Mary J. Melnick was bridesmaid and wore a gown of emerald green and blue feather tulle. Oliver H. Dowd, brother of the bride, acted as best man.

After the ceremony the wedding party took automobiles for Havre de Grace, where a wedding breakfast was served by Caterer Willett.

Mr. and Mrs. Fagan left later on a wedding trip to New York, Philadelphia and Washington. At their residence they will take up their residence at 339 Miller avenue.

Both bride and groom are well known and popular young people. The

bride has held a position in the office of the Board of Public Works for some time. She is employed as a machine operator at the Portsmouth navy yard. The couple were well remembered with wedding gifts from their friends who extend best wishes for a future filled with happiness.

FOUND BIRD DEAD ON CHAMBER FLOOR

Frightened Partridge Goes Through Two Panes of Glass and Curtain.

The inmates of the residence of J. W. Somerby, 257 Richards Ave., were startled on Monday afternoon by the breaking of glass on the second floor and hurried to investigate.

On reaching one of the chambers they found a handsome cock partridge lying dead on the floor. The bird had become frightened and in its flight crashed through the glass of the upper and lower panes of the window which were together at the top, also the curtain. The bird was evidently blind and had full speed ahead.

TONIGHT

Everyone has waited patiently for tonight, the night of the big dance in Freeman's hall where music and good cheer will reign supreme. Marden's 10-piece orchestra under the direction of Clara Wentworth Marden will be on hand with special and pleasing dance hits and will be assisted by Master David Cohen, Violinist, one of Portsmouth's most promising young musicians. The balcony will be open during the entire evening. 400 balcony seats at 10 cents each.
